

# Planning Your Gift to WCUC

How can you support our shared ministry with your resources?

- If you're just starting out as a giver, consider your **monthly budget** and how much you spend on different items. What would it be like to support WCUC at the same level as you fund a night out or an extracurricular activity? Monthly gifts make a big difference to the church's financial stability and can be made at the level that feels best to you. Two common levels are \$100/month and \$250/month.
- If you already give to the church, consider **maintaining or increasing the percentage of your income** that you give. Each year, our giving community changes as folks arrive and depart, and as their circumstances change. Increasing your gift when you are able can be a part of growing spiritually, forming a budget that matches your values. Could you contribute 3%, 5%, 10%?
- Be inspired by the giving of others in our community who have a variety of income levels and years of history with our church. Together we make amazing things happen!

Monthly Gifts in 2023	# of Givers
\$1 - \$99 per month	23
\$100 - \$249 per month	26
\$250 - 499 per month	15
\$500 - \$799 per month	8
\$800 or more per month	7
